Objectives

The goal is to turn data into information, and information into insight

Experience

Software Developer

IOTIOT

Trained object detection model for detecting licence plates using caffe and used it to build a module that returns cropped image of licence plates from a given image

Key Skills

Python	C++	Pandas
Pytorch	Sklearn	Matplotlib

Qualifications

BCA

Maharaja Surajmal Institute

10/2021 - Present

Projects

Car licence plate detection module

www.github.com/sanjaybora04/LicensePlateDetection

8/2022 - 9/2022

Takes an image as input and returns cropped image of license plate in a dictionary with warnings

Interests

Data Science	Machine learning	Iot

Personal Information

Date Of Birth: 26/12/2003
Nationality: India

Address: Shivnagar, janakpuri, new delhi
